The Exploring CS course was not offered in 2022-23.

TEACHER PERSPECTIVES

Quotes from an Exploring CS teacher:

"We do a web design project where the students get to create whatever web application they choose. This allows for all students to be included in areas that they are interested in. I have had everything from a water bottle design site to a marketing for agriculture and farms site."

Statewide Averages for Comparison

Cohort rate of Exploring CS participation: 2.1%

Demographics of Exploring CS students:

Female: 23%
BIPOC: 23%
